

Latinx? Transfer Student? Participate in a research study!

PURPOSE

We want to understand how caring messages can help young people engage with mental health services

IRB#23-001271
Medical IRB #3
Approved 02/01/2024

WHO CAN PARTICIPATE?

- Full-time transfer students at UCLA ages 18-40 years old
- Must identify as Latine/x
- Must have a cell phone and be willing to receive text messages
- Must have prior or current experience receiving mental health services, counseling, or participating in clinical research
- You will receive a \$25 gift card for your participation

Interview will take place in a focus group format. In addition, some participants may be randomly selected to participate in a follow-up individual interview.
